AN INTRODUCTION TO MITCHELL COLLEGE

History. In 1852 Concord Presbytery began to make plans for establishing a college for women. A charter was granted in 1853, and work was begun. A storm destroyed the top part of the building when it was nearly completed, but the college finally opened in 1856 under the name of the Concord Presbyterian Female College. In 1907, through the generosity of Mr. W. F. Hall and other friends, a large addition was made to the original building and was named Shearer Hall in honor of Dr. J. B. Shearer who for many years had given generous support to the College. In 1917, the name of Mitchell College was adopted in honor of Mrs. Eliza Mitchell Grant and Miss Margaret Elliott Mitchell, daughters of Dr. Elisha Mitchell, scientist, educator and Christian gentleman. Mrs. Grant had been president for the eight years between 1875 and 1883, while Miss Mitchell had assisted her sister. Through the years the college has continued to serve central North Carolina and to offer to its young people an opportunity for Christian education on the junior college level.

Location. The college is located in Statesville, North Carolina, a city of about fifteen thousand population. It is in the beautiful and healthful Piedmont section of the state, in the foothills of the Blue Ridge, at an altitude of 960 feet, and it is easily accessible both by train and by bus.

Campus. The campus is near the center of the city at the head of Broad Street, one of Statesville's principal avenues. The handsome building which contains most of the college activities is a three-storied structure of stuccoed brick, ornamented by a lofty portico with six massive columns. Here are laboratories, classrooms, auditorium, offices and dormitory, while a gymnasium is in a separate building. Student lounges and dormitory rooms are comfortably furnished. A pipe organ in the auditorium adds to the pleasure of musical programs. A well-equipped library of four rooms contains over 8,000 volumes; and 70 of the current newspapers and magazines, along with many new books, are available to students.

Religious Life. The college is definitely Christian in its influence and instruction. A year's work in Bible is required of every student, as well as attendance at Chapel four times a week, and at Sunday School and Church on Sunday. The students attend the First Presbyterian Church in the city unless the parents or guardians make written request that students who are members of other denominations attend their own Church. Though owned and controlled by the Presbyterian Church, the college is non-sectarian, and a number of denominations are represented in the student body.

ADMISSION OF STUDENTS

Admission to Junior College. The entrance requirements are the same as in any standard four-year college or university. Graduates from accredited high schools will be admitted without examination. Graduates of non-standard high schools must present evidence of having passed the state high school college entrance examination. Application blanks and certificates of admission may be obtained from the President. (See detachable blank on the back page of this catalog.)

The application blank must have the signature of the parent or guardian and must be accompanied by a registration fee of $10.00. The high school transcript must be filled out and signed by the principal of the school last attended by the applicant, and it must be returned to the college directly from the school. Both of these blanks should be sent to the college well in advance of the opening of school.

The filing of an application for entrance shall be regarded as both an evidence and a pledge that the applicant accepts the standards and regulations of Mitchell College and agrees to abide by them.

1. Required Units for Entrance to the Standard College Course. For students who plan, upon completion of the junior college course, to enter a four-year college or university for a B.A. or B.S. degree, the following units are prescribed for entrance:

	Units
English	4
Algebra	1½
Geometry	1
Foreign Language (2 years in one language)	2
Social Sciences	2
Electives	5½

Note: In case any student with a high school diploma fails to offer the units listed above, the deficiencies must be removed before transferring to a senior college or university.

2. Subjects Accepted for Entrance to the General College Course. Any student who has a diploma from an accredited high school will be admitted to the freshman class and may pursue the General College Course (see page 13) leading to a junior college diploma. Any sixteen units from the following list will be acceptable for admission to the college:

	Units
English	4
Social Sciences (including history, economics, geography, etc.)	6
Science	4
Foreign Languages	
French	2
Spanish	2
Latin	4
Mathematics	3

Bible	2
Home Economics	2
Commercial Subjects	2
Music	2
Art	1

3. Entrance Requirements for the Commercial Courses. Requirements for the two-year commercial course are the same as for the general college course, while students with fewer high school credits may still qualify for the one-year intensive commercial work.

GENERAL REGULATIONS

Registration. A student will not be permitted to register without a transcript of credits from the school previously attended. No student who has not been officially registered will be allowed to enter any class. A student will not be allowed to change a course or to drop any subject except by permission of the teacher and of the committee on classification.

No student will share the privileges of, or be classified as, a college senior who does not have to his credit a record of twenty-six semester hours. Special students taking as much as twelve semester hours of standard college work will be allowed class standing.

No class will be offered to fewer than five students.

Attendance. Three unexcused tardies will be counted as one absence. Three unexcused absences will automatically drop a student from the class in which the absences are recorded, but he may be reinstated in the class by paying, as penalty, a fee of $5.00. Students are not to be absent from class immediately before or after any given holiday except at the discretion and by permission of the dean of students.

Grades. The grading system is as follows: *A* represents Excellent; *B*, Good; *C*, Average; *D*, Passing; *E*, Failure, with the privilege of a re-examination; *F*, Failure, without the privilege of re-examination; *I*, Incomplete, denoting that the student has not completed the work of the course. An incomplete grade, unless raised to a passing grade within six months, becomes a failure without the privilege of a re-examination. *W* denotes the official withdrawal from a course. A student may withdraw from a course within the first three weeks without being given a grade for the work. After that three weeks, a student withdrawing from a course has a grade of *F* recorded. An examination for the removal of a conditional failure, when requested by the student and approved by the teacher, may be taken within the month following the regular examination. A fee of $1.00 is charged for every re-examination.

The year is divided into two semesters. Reports giving the class standing of the students are sent to the parents or guardians halfway through the first semester and at the end of each semester. Only the semester grades are recorded on the permanent records of the college.

Quality Credits. To be recommended to higher institutions, students at graduation must have to their credit sixty-two quality credits determined on the following basis:

For each semester hour of A grade—3 quality credits
For each semester hour of B grade—2 quality credits
For each semester hour of C grade—1 quality credit
For each semester hour of D grade—0 quality credit

Requirements for graduation. The *standard* college diploma is offered to students who complete a minimum of sixty semester hours which must be exclusive of the work done in physical education. The courses must be those listed below in the Standard College Course. This diploma provides the necessary work for entrance into a four-year college. The *general* college diploma is offered to students who complete the same requirements of sixty hours exclusive of physical education, but the choice of subjects allowed is much broader. Music, art, or commercial electives may all be used toward the required sixty hours of work.

A fee of $5.00 is charged for a diploma and $5.00 for a certificate. No diploma, certificate, transcript or school honors will be given until all accounts with the college are settled.

Honors. College honors are awarded to the members of the graduating class who have maintained through their junior and senior years the high average of 90% in scholarship and who demonstrate marked ability in leadership. Class honors are awarded to those who make a general average of 90% during any one year. Names of students who receive honors are announced at Commencement each year and are recorded in the annual catalog.

COURSES OF STUDY

Two distinct courses leading to graduation are offered. These are (1) the Standard College Course, (2) the General College Course. A diploma is given upon completion of each of the courses. A certificate is given for the completion of the one-year intensive commercial course, whether taken independently or as a part of the general college course.

DESCRIPTION OF COURSES OF STUDY

Art

Art 1-2. Fundamentals of drawing, perspective, charcoal, working from the object and cast (no copying allowed). Pastel painting, still life and landscape.

Art 3-4. Oil painting, both still life and landscape. Water color, if the student wishes it.

Art 5-6. Fashion Illustration. Students taking this course are not required to take the regular work first. The course includes sketching the fashion figure from the model, fabric delineation, and layout.

NOTE: The number of hours per week for each course is determined by the amount of credit desired. The charge is thirty-five cents per hour.

Bible

The Bible itself is used as the text and is taught as the Word of God, the only infallible rule of faith and life; and its truths are inculcated with the purpose of developing the moral character and enriching the spiritual life of the students.

Bible 10—Old Testament. A general survey of the history of the Hebrew race as recorded in the Old Testament. Emphasis is placed upon this history as preparatory to the mission of Christ. Attention is paid to literary evaluation of the Old Testament writings.

Three hours a week, first semester. Credit, three semester hours.

Bible 12—New Testament. This is the life of Christ as recorded in the Synoptic Gospels. Special attention is given to the social teachings of Christ.

Three hours a week, second semester. Credit, three semester hours.

Bible 20-22—The Acts and the Epistles. This is a study of the work of the disciples as told in The Acts in the years after Christ, and of their writings in the Epistles.

Three hours a week for the year. Credit, six semester hours.

English

English 10-12—Reading and Composition. Aims of the course: To enable the student to read with understanding, to enjoy good literature, to communicate ideas effectively in speech and in writing. Intensive study of selections in class. Extensive outside reading. Frequent themes. Students handicapped by ignorance of grammar, punctuation, and sentence structure are placed in a section in which provision is made for overcoming the deficiency.

Three hours a week for the year. Credit, six semester hours.

English 20-22—English Literature. The traditional survey of English Literature has been replaced by a more thorough study of a smaller number of great writers. The aims of the course include helping the students to read more intelligently and to appreciate some of the masterpieces of literature, to understand different literary types, and to express clearly some independent critical judgments.

Three hours a week for the year. Credit, six semester hours.

English 32—Children's Literature. The purpose of this course is to give the student a knowledge of the fundamental principles underlying the selection of children's literature and an acquaintance with a considerable body of the literature used in the primary and grammar grades.

Three hours, second semester. Credit, three semester hours.

History

History 10-12—Modern European History. A survey of the cultural, economic, and political development of the states of Europe and of religious and social forces in western civilization since the fifteenth century.

Three hours a week for the year. Credit, six semester hours.

History 20-22—History of the United States. A general survey of the history of the United States and of the development of our political institutions and national ideas.

Three hours a week for the year. Credit, six semester hours.

Mathematics

Mathematics 10—College Algebra. A short review of the elementary principles, followed by a more detailed study of the usual topics of College Algebra.

Three hours a week, first semester. Credit, three semester hours.

Mathematics 12—Plane Trigonometry. The subjects treated are trigonometric functions, trigonometric equations, inverse functions, the solution of right and oblique triangles, the applications of trigonometry to practical problems.

Three hours a week, second semester. Credit, three semester hours.

Music

The college offers superior advantages in music. The facilities for teaching, practice, and ensemble playing are adequate. For concert purposes there is an auditorium furnished with opera chairs with a seating capacity of five hundred. This department offers a two-year course leading to the General College diploma with music as a major. This course represents the first two years of standard work leading to the Bachelor of Music degree. The details of this are given under Course *A*, page 13. Special students are those taking lessons in piano, pipe organ and voice who may or may not meet the entrance requirements of the diploma course.

NOTE: Lessons missed by students, unless excused by the teacher, will not be made up.

THEORETICAL COURSES

Music 1-2. Beginning Harmony and Keyboard Harmony. Fundamentals of music.

Two hours a week for the year. Credit, four semester hours.

Music 3-4. Advanced Harmony and Keyboard Harmony.

Two hours a week for the year. Credit, four semester hours.

Music 5-6. Beginning Ear Training and Sight Singing. A rudimentary course in ear training, dictation, sight reading, and theory.

Two hours a week for the year. Credit, four semester hours.

Music 7-8. Advanced Ear Training and Sight Singing. An advanced course in ear training and sight singing. Recognition by ear of major and minor triads and their inversions. Dictation, using chromatics and modulation.

Two hours a week for the year. Credit, four semester hours.

Music 9-10. Music Appreciation. This class is planned to give a wider acquaintance with the best in music, training the listener to a more intelligent understanding of the message of the better composers.

One hour a week for the year. Credit, two semester hours.

Applied Music Courses

Entrance Requirements for First-Year Piano

To enter the two-year degree course in piano the student should be grounded in correct touch and reliable technique. She should play all major and minor scales correctly in a moderately rapid tempo, broken chords in octave positions in all keys, and should have acquired systematic methods of practice. The student should have studied some of the standard etudes, such as Czerny, Op. 299, Book I; Hellar, Op. 45, 46, and 47 (according to the individual needs of the student); Bach, Little Preludes; a few Bach Two-Part Inventions and Compositions corresponding in difficulty to:

Haydn, Sonata No. II, G Major No. 20 (Schirmer)
Mozart, Sonata in C Major No. 3, F Major No. 13 (Schirmer)
Beethoven, Variations on Nel cor Piu, Sonata Op. 49, No. 1
Schubert, Impromptu Op. 142, No. 2

First Year Piano. Studies in relaxation and weight. Scales, arpeggios, The Little Pischna. Thematic Octave Studies by Smith. Bach, Little Preludes and Fugues and Two-Part Inventions. Haydn, Mozart, and Corelli Sonatas. Pieces of moderate difficulty.

Three hours of practice a day for the year, for music majors. Credit, six semester hours.
Two hours of practice a day for the year, for non-music majors. Credit, six semester hours.

Second Year Piano. The Large Pischna. Thematic Octaves by Smith. Bach Two- and Three-Part Inventions. Sonatas of Beethoven, and pieces of more advanced difficulty.

Three hours of practice a day for the year, for music majors. Credit, six semester hours.
Two hours of practice a day for the year, for non-music majors. Credit, six semester hours.

Entrance Requirements for First-Year Voice

To enter the two-year degree course in voice, the student should be able to sing on pitch with correct phrasing and musical intelligence standard songs in good English (the simpler classics are recommended). The student should also demonstrate his or her ability to read a simple song at sight and a knowledge of the rudiments of music. Some knowledge of the piano is urgently recommended.

First Year Voice. Master Vocal Exercises by Connell. The establishment of correct breathing habits, and the freedom of tongue and jaw. Songs in French, Italian, German and English.

Three hours of practice a day for the year, for music majors. Credit, six semester hours.
Two hours of practice a day for the year, for non-music majors. Credit, six semester hours.

Second Year Voice. Interpretation, diction, phrasing, and more technical vocalises. Repertoire class work. The study of simple arias. Songs of more advanced difficulty.

Three hours of practice a day for the year, for music majors. Credit, six semester hours.
Two hours of practice a day for the year, for non-music majors. Credit, six semester hours.

Entrance Requirements for First-Year Organ

To enter the two-year degree course in organ, the student should have completed sufficient piano study to enable him to play some Bach Inventions, Mozart Sonatas, easier Beethoven Sonatas, compositions by Mendelssohn, Grieg, Schubert, Schumann, etc.

First Year Organ. The Little Book of Preludes and Fugues by Bach. Nilson Pedal Studies. Selections made to suit individual, to bring out taste in styles and in stop selection. Hymn playing.

Three hours of practice a day for the year, for music majors. Credit, six semester hours.

Two hours of practice a day for the year, for non-music majors. Credit, six semester hours.

Second Year Organ. Nilson Pedal Studies continued. Dudley Buck's Pedal Phrasing. The more difficult Preludes and Fugues by Bach. Compositions of more difficulty.

Three hours of practice a day for the year, for music majors. Credit, six semester hours.

Two hours of practice a day for the year, for non-music majors. Credit, six semester hours.

Note: The above requirements do not apply to students taking the Standard College Course who wish to take subjects in the music department.

The Mitchell Choir. The Choir gives a Christmas cantata each year, and an oratorio at Commencement time. The same choral group gives light opera, such as The Mikado, Hansel and Gretel, etc.

Two hours of practice a week for the year. Credit, three semester hours.

Physical Education

The purpose of this department is to maintain and to improve the health of the individual student and to help her develop team play.

Physical Education. The required work consists of gymnastics and games. The sports are hiking, tennis, skating, basketball, volley ball. Basketball is also offered to men students. Two years of physical education are required of all girls, except those excused by doctor's permission.

Two hours a week for the year. Required of all women students both years. Credit, two semester hours.

Health. In this department, there is required of all women students also a semester's course in health. This is a study of personal hygiene in relation to health.

One hour a week, first semester. Credit, one semester hour.

Romance Languages

Two languages, French and Spanish, are offered, both for those who have had no language in high school and for those who enter with two years in either field. French 1-2, 3-4 and Spanish 1-2, 3-4 may be counted for college credits only by those who have met the entrance requirements in another foreign language, and the first year must be followed by the second.

French

French 1-2—Elementary French. An elementary course designed for those who have had no French. It is aimed to make this course as practical as possible with much oral work, drill in grammatical principles, composition, conversation, dictation and pronunciation. Students are eligible for Le Cercle Francais. This French Club holds quarterly meetings at which topics of general interest pertaining to French literature and French life, manners, and customs are discussed.

Three hours a week for the year. Credit, six semester hours.

Sciences

Science 10-12—General Biology. This course is designed to give students a general knowledge of the fundamental principles of biology. It includes: (1) a study of the structure, functions, development, and relationships of typical animals and plants. (2) A discussion of the biological problems, covering such topics as cell structure, differentiation, metabolism, growth, ontogenesis, genetics, and organic response.

Two hours of lectures and recitations, and three hours of laboratory work each week for the year. Credit, six semester hours.

Science 20-22—General Inorganic Chemistry. This is an advanced course of college grade, but is so arranged that it may be taken by students who have had no previous work in chemistry. It includes a study of the preparation, properties, etc., of the metals and non-metals, with special emphasis on the various chemical relations and reactions.

Three hours of lectures and recitations, and three hours of laboratory work each week for the year. Credit, eight semester hours.

Science 30-32—General Physics. This is a general course in college physics, presupposing but not requiring a course in high school physics. Emphasis is placed on the practical application of the general principles of mechanics, heat, electricity, sound, and light to everyday life.

Two hours of lectures and recitations, and three hours of laboratory work each week for the year. Credit, six semester hours.

Secretarial Science

The purpose of this department is to prepare the students to take their places in the business world of today. Students who receive their business training in a Christian junior college have many advantages. They have two years of college life, during which they may belong to all campus organizations and share in all phases of college life. The college offers an intensive one-year course leading to a certificate, and a two-year course leading to both a certificate and a junior college general diploma.

Typewriting 1-2. The touch system is taught. This course includes a study of the parts of the machine, mastery of the keyboard, tests and drills for accuracy and speed. Required speed for the completion of this course is forty words per minute. Those registering, on registration day, for a non-credit course do not need to fulfill the speed requirements.

Five hours a week for the year. Credit, six semester hours.

Typewriting 3-4—Special emphasis is placed on building speed and accuracy. Budgets dealing with business letters and various business and legal forms are presented. Required speed for the completion of this course is sixty words per minute.

Five hours a week for the year. Credit, six semester hours.

Shorthand 1-2. Gregg Functional Method is taught. Shorthand principles are thoroughly mastered, drills in reading and writing are presented. The required speed for the completion of this course is eighty words per minute.

Five hours a week for the year. Credit, six semester hours.

Shorthand 3-4. This course consists of dictation and transcription with a thorough review of shorthand theory. Accuracy, speed, and neatness in transcription are developed. The required speed for the completion of this course is one hundred words per minute.

Five hours a week for the year. Credit, six semester hours.

Business Mathematics. This course is a review of the fundamental mathematical processes as they are commonly used in the office. Short methods of calculating to develop speed and accuracy are taught.

Three hours a week for the year. Credit, six semester hours.

Accounting. This course takes up the rudiments of double-entry bookkeeping, carrying the student through partnership and corporation accounting.

Four hours a week for the year. Credit, six semester hours.

Business English. This course offers an intensive review in grammar, spelling, punctuation, and the mechanics of writing. A study of the various types of business letters follows, and a period of intensive letter-writing.

Three hours a week for the year. Credit, six semester hours.

Business Correspondence. This course is a study of the fundamental principles of effective letter writing. Special training is given in the composition of the various types of business letters and in the evaluation of current practices in office correspondence.

Three hours a week for the year. Credit, six semester hours.

Office Machines. This course includes mastery of the Monroe and Burroughs calculators, the Allen-Wales bookkeeping machine, the comptometer, adding listing machines, dictaphone, ediphone, mimeograph and mimeoscope.

Six hours a week for one semester. Credit, three semester hours.

Filing. This course consists of the rules of alphabetic indexing and the methods of card and correspondence filing, in addition to the more general charge and follow-up and transfer methods.

Two hours a week for a semester. Credit, one semester hour.

Sociology

Sociology 20-22—Introduction to Sociology. The purpose of the course is to introduce the students to the study of the origin, nature, and development of the society in which they live and of their role as citizens. Both fundamental sociological concepts and specific social problems are studied.

NOTE: Not open to first-year students.

Three hours a week for the year. Credit, six semester hours.

Student Organizations

The Student Christian Association. This Association is the most outstanding religious organization on the campus. It meets every Sunday afternoon for Vesper Services and has charge of Prayer Meetings on Wednesday nights. The organization annually sponsors Religious Emphasis Week, at which time a well-known minister directs the thinking of the students. Under the auspices of the Association, home and foreign mission study classes are conducted, and as a project the S.C.A. members assume responsibility for clothing two orphans. Early in the year a weekend Retreat for the S.C.A. Cabinet is held away from the campus. The object of this Retreat is spiritual refreshment and Christian fellowship in preparation for the year's work.

Student Government. A system of student government has been established for the purpose of promoting honor and good conduct. Every student who registers thereby becomes a member of the student government organization known as the Student Association, and is pledged to sustain its principles and rulings as long as he or she is connected with the institution.

The general legislative powers of the organization are vested in the organization as a whole. The executive powers are vested in the student council. There is a resident student council and a day student council. This set-up allows the students as much initiative as they can exercise with prudence and yet provides for counselling by the faculty through the faculty advisory committee. The regulations have been made for the purpose of meeting the needs of the students and promoting their well-being.

The Athletic Association. The purpose of the Athletic Association is to offer to all students an opportunity for participation in athletics. The association, under the supervision of the physical education director, encourages fair play and good sportsmanship in all recreational activities. A point system determines the distribution of letters.

Tennis, basketball, soft ball, volley ball, bicycle riding and other open air games are encouraged.

Social Life. The college, in addition to its regular work, seeks in various ways to promote the general culture and social life of its students. A number of teas and receptions are given during the year. The Student Christian Association entertains the new students on Founders Day during the opening week of school, and in the spring the Juniors give a party for the Seniors. Social privileges consistent with student life are enjoyed throughout the year. The students automatically become members of the Statesville Concert Association and have the privilege each year of hearing several concerts by well-known artists.

Societies and Clubs. Spanish and French clubs function as departmental activities.

The Margaret Mitchell Scientific Society stimulates interest in the various phases of science and in the new inventions and scientific theories.

The Historical Society, made up of those senior history students with an average of 90 or more, fosters interest in local history and promotes various patriotic activities during the year.

The Dramatic Club, *Mitchell Masks,* sponsors a major public performance and several one-act plays during the year.

Publications. In addition to the annual catalog, the College sends out a quarterly bulletin.

The student publications are the annual, THE CIRCLE, and the monthly paper, CAMPUS COMMENTS.

Point System. A point system, giving recognition to campus activities as well as to honor grades, leads to the selection of the college marshals and to the choosing of the seniors receiving the places of honor in the class day exercises during commencement.

The Alumnae Association. The object of the association is to foster and promote interest in the college and to aid, by loans and donations, worthy students to obtain an education at Mitchell. The organization meets annually during commencement.

Officers of the Alumnae Association:

Mrs. Mildred P. Long, President ..... Statesville
Miss Frances Kennerly, Vice-President ..... Statesville
Miss Cecilia Krider, Secretary ..... Statesville
Miss Miriam Wooten, Treasurer ..... Statesville

General Information

Health. The health of students is considered of primary importance. Each student is required to take prescribed forms of physical exercise under the supervision of a director of physical education. Healthful open-air sports are encouraged. The table is supplied with an abundance of wholesome food. The cooking is under the supervision of an experienced dietitian.

When a student is so indisposed as to be unable to go to the dining room for meals, she is sent to the infirmary. Being in the infirmary does not necessarily mean serious illness. Parents will be notified promptly of any serious illness of their daughters.

The medical fee covers the simple medicines dispensed from the infirmary. All other medicines given upon prescription are to be paid for by the student. When a physician other than the College physician is called, the fee is to be paid by the parent. The services of a trained nurse, if required, are to be met by the parent.

All inquiries regarding the health of the students should be addressed to the dean of students.

Parents are requested to have their daughters' eyes examined, glasses fitted, and dental work done, as far as possible, before they leave home.

Visiting and Visitors. Students will not be permitted to receive visitors during class or study hours. No visitors, except members of the immediate family, are allowed on Sunday. These are requested to come after quiet hour. Visitors are not permitted to go to the student's room except by permission of the dean of students.

Dating privileges are granted at the discretion of the dean of students.

Except for home visits, written permission from the parents or guardian of the student must be filed with the dean of students to spend a weekend away from the college. Such permission will then be granted only at the discretion of the dean. Students will not be permitted to spend the night in town except with parents.

Students are subject to college regulations at the time they arrive in Statesville. They may not have stay-over privileges in Statesville during holidays or after commencement without parental permission and the approval of the dean of students.

Students arriving by bus or train will be met at the station. The dean of students or the business office should be notified of the time of arrival of students.

Students may invite guests to be entertained in the college by obtaining permission from the dean of students. A nominal charge is made for guests.

Furnishings. The college supplies each room with single beds, dresser, wardrobe, chairs, and pillows. Each student should bring with her sheets, blankets, counterpanes, pillowcases, towels, teaspoon, drinking glass and any article such as rugs, curtains, and ornaments desired for her room.

Dress. It is earnestly desired that students dress neatly and simply. They should have one evening or dinner dress, and dresses suitable for church and street wear. In every possible way extravagance in dress is discouraged.

All articles of clothing and all suitcases and trunks must be plainly and durably marked with the name of the owner. Failure to comply with this requirement causes great inconvenience.

Important Regulations. Parents are requested not to give general permissions conflicting with the regulations of the college.

A resident student is not allowed to make bills in the city unless the parent writes a personal letter to the president giving such permission.

The college will not be responsible for money, jewelry, clothing, or any other articles left carelessly about the room or anywhere in the building.

The borrowing of text books, clothing, jewelry, and other articles is discouraged.

Dancing, card playing, and smoking are prohibited.

Damage to college buildings or property will be charged to the one doing the damage.

Medals and Awards.

The Mary Louise English Medal—Donated by Horace H. Stikeleather, honoring the memory of his wife, Mary Louise Russell Stikeleather, to be awarded at each commencement to the member of the senior class making the highest average for the year in English.

The Wood Bible Award—The family of the late Rev. W. A. Wood, D.D., offers a Bible to the student who makes the highest grade for the year in Bible in the college department.

The Fred Sherrill Typewriting Award—Ten dollars is given each year to the student in the commercial department who shows the greatest proficiency in typewriting.

The Kirkpatrick Athletic Award—Honoring the memory of A. G. Kirkpatrick who served as business manager of Mitchell College from 1929 to 1931, a trophy is awarded each year to the student achieving the highest number of points in the athletic point system.

Scholarships. The following scholarships are offered to deserving girls of limited means:

The C. A. Monroe Scholarship is given by the Concord Presbyterial Auxiliary honoring the memory of a beloved superintendent of Presbyterial home missions.

The Wagner Scholarship is endowed by Mr. L. C. Wagner, of Statesville, in honor of his mother, Mrs. Susan Wagner.

The Goodman Scholarship is endowed by Mrs. John T. Goodman, of Mount Ulla, N. C., in memory of her husband, John T. Goodman, and their daughter, Alice Noel Goodman.

Shearer Scholarship is established by the trustees of the college as a perpetual scholarship in honor of Dr. J. B. Shearer, in recognition of his great service to the cause of Christian education and to Mitchell College in particular.

Hill Scholarship is established also by the trustees of the college in honor of Professor J. H. Hill, in recognition of his services to Mitchell College and to the cause of education in Statesville and Iredell County.

The Irvin Scholarship is endowed through the generosity of the late Mrs. J. C. Irvin.

Catherine Hanes Scholarship is endowed by Miss Katherine J. Hanes of Winston-Salem in memory of her aunt, who was a student of the college during the Civil War.

The college should have at least twenty-five scholarships that would pay the tuition of worthy and needy girls. It is our hope that many individuals, auxiliaries, Bible classes, and churches will provide tuition scholarships of $100.00 each. We believe that this opportunity should appeal to all friends of Christian education.
